## Lake Chapala Area

tf-PhotoScapes.com

Ajijic is renowned for its easy pace of life, thriving arts scene, and affordability. The area is a retirement haven for thousands of Americans, Canadians, and Europeans, as well as a popular tourist destination for city-dwellers from nearby Guadalajara.

Villa Del Angel is just a short walk from the always active town square and dozens of boutique shops, restaurants, and art galleries.

We are happy to facilitate local excursions and activities such as horseback riding, hiking, mineral hot springs, native sweat lodge, cacao ceremonies, and more.

Guadalajara, Mexico's second largest city, is only one hour away, offering a cosmopolitan vibe, fascinating history and culture, and an easy to access international airport.

With an average of 325 days of sunshine per year, very low humidity, and warm evening temperatures, it is not surprising that Lake Chapala is consistently ranked as one of the best climates in the world.

### Day Trips

Ajijic is centrally located to many interesting and diverse places to visit. From fascinating historical sites like the one of a kind Circular pyramids, to the healing energy center, Foco Tonal, there is something for everyone to enjoy.
